June 2018

We are finally off and running! Some of us have been to cruise nights and car shows, some have taken some flash drives and many of us have just looked for excuses to get out and drive our favorite ride, the Corvette! It is funny but a few of us members were talking over the weekend about how much fun it is to simply climb in and take drives in a Corvette. Not every car elicits that from driving it. Just making a run to the store, many times I get out just loving driving that car. When people ask you "What is so special about a Corvette; it is just another car", take them for a spirited ride or toss them the keys....I am guessing that many will change their minds. "If you have to ask, you just don't understand; it's a Corvette thing" is what one of my T-shirts reads and it is so true. Toss the friend the keys and pull them into this fun! I think most of us have a story about our first Corvette ride or drive, and for many it hooked us forever. Spreading the fun is part of the Corvette culture. Make sure when you run into someone with a Corvette to invite them come visit Sunburst.

In June we have a lot planned from The Sunburst Poker Run to Autocross 103 to many cruise nights kicking off, post Memorial Day. For all of you "newbies" I encourage you to get out and try these events, as it is the best way to understand what Sunburst is about, meet members and generally enjoy the club. Even better is to join in on one the overnight club trips. I have found that those trips are one of the best ways to meet many members quickly and make new friends at the same time. Being involved is what Corvette fun is about.

Make sure you continually check the Sunburst online calendar as we continually add new events of all types, Sunburst events, as well as non-Sunburst events of interest to car folks. If you have an idea for another great outing, present it to your Board.....we are always looking for new fun.

See you on the road.

Remember, if you don't do it this year, you'll just be one year older when you do!

Save the Wave!!!!

It has been proposed and the board has approved the following changes to the By-laws as it pertains to Charitable Donations. These changes must be approved by the membership at the June 7th meeting. Please see below for the current regulations and proposed changes:

Current

ARTICLE X Charitable Contributions

- Section 1. Recipients of monetary charitable contributions shall be limited to local Chicagoland chapters of 501 (c) (3) recognized charitable associations.
- Section 2. Requests for monetary charitable donations shall be presented to the Board of Directors for qualification. With a majority vote, the Board of Directors shall qualify such requests according to the precepts outlined in Article X, Section 1. If request is qualified, the Club treasurer shall advise the Board of Directors on the Club's availability of funds. If the request is deemed qualified and affordable by the Board, it will be presented to the membership at the next scheduled regular meeting and must be approved by 51% of the active members present and voting

Proposed

- Section 1. Recipients of monetary charitable contributions shall be limited to 501(c)(3) recognized charitable organizations.
- A. No more than a total of five charities will be selected to be recipients of the Club's "excess funds".
 - B. Of the five selected charities, no more than One "National" charity will be selected to be beneficiaries of the Club's excess funds.
 - C. No one charity can be the beneficiary of the Club's excess funds more than two consecutive years.

Standard Operating Procedures

1. At the October membership meeting, the Charity Committee will solicit the membership for nominations of charitable organizations to be beneficiaries of the Club's "excess funds" for the coming fiscal year.
2. The nomination form will include: the organization name, address, website URL, contact information, verification of 501(c)(3) status and a brief description of the services/programs provided.
3. At the December Board meeting, the Board will select the charities to be the beneficiaries of the the Club's "excess funds" for the coming fiscal year. Those charities will be limited to one "National" charity and four "Local" charities. A National Charity is defined as one that provides programs and services in areas other than Chicago and the collar counties. A Local charity is one that provides programs and services primarily in Chicago and the collar counties.
4. If more than one "National" Charity is nominated, one charity will be selected by a random process at the Board's discretion.
5. If more than 4 "Local" charities are nominated 4 charities will be selected by a random process at the Board's discretion.
6. If no "National Charities" are nominated, a maximum of 5 "Local" Charities will be selected by a random process at the Board's discretion.
7. At the conclusion of each fiscal year, the Treasurer will inform the Board of the amount of "excess" funds available for donation to charitable organizations as outlined in Article X, Section 2 of the By-Laws.
8. The process outlined in Article 10, Section 2 will be followed to complete the process.

June 2018

Greeting Sunburst Members,

Well summer is here at last and the warm Memorial Day weekend was a great way to kick off the season. With summer comes a number of Vette related events and activities and with those comes the chance of unfortunate events, like accidents.

One of the benefits of being an NCCC club is the liability insurance that is provided by virtue of your NCCC membership. Actually, for many clubs, the primary reason for affiliating with NCCC is the insurance coverage that comes with membership. There are all sorts of myths and misunderstandings about this coverage and I'm certainly not an expert, but I will try to summarize the information that's available on the NCCC website.

Who is covered?

Members holding a current NCCC membership number are covered under a \$1M General Liability Policy, \$4M Umbrella Policy, plus a Participant Accident Policy (\$25K AD&D and \$50K Medical). NCCC elected and appointed officers at the national, regional and club levels are covered under the Director and Officer Policy for \$2M plus \$4M against lawsuits. Officers are also covered under a Crime Policy for a variety of items, such as theft, forgery & fraud as long as it was not willfully done.

What events are covered by the NCCC insurance policy?

Official events which are organized and approved thru the Club, Region or National organizations and they have made their members aware of the event, thru: Minutes, e-mail blasts, Calendar, Newsletters, Website, Facebook, or other mass communication technology.

Spontaneous gatherings of club members for any reason, are not official events and are not covered by any NCCC insurance policy.

The coverage of the NCCC policy does not take the place of your personal automobile insurance and it is not intended to cover the comprehensive portion of your personal automobile policy. For more specific information regarding the coverage check out the Midwest Region website www.mwregion.com and click on the Competition Button, then at the bottom of the competition page, click on the link to NCCC Insurance information.

June 2018 Newsletter From Rich Orr NCM Ambassador-At-Large

It's been a pleasure being the SCC - NCM Ambassador! This is my final News Letter as Kris and I will be moving to Ohio in June.

I would like to personally THANK All of you that have supported the NCM by being a member, making donations, purchasing (bricks, merchandise & raffle tickets), attending events and insuring your Vette through them. Without your support there would not be a NCM which honors the car we all enjoy.

Eric Adams will be taking over the position on July 1st. I know that the GREAT Membership of SCC will support Eric in the position as you did me.

You can still be part of SCC that lives forever at the National Corvette Museum

I have been asked if bricks can still be added by the SCC 40th Anniversary brick. The answer is YES. Brick brochures are located at sign in table during the SCC monthly membership meetings. The Walk of Fame bricks are 4" X 8". The Standard brick cost \$100 for NCM Members and \$125 for non NCM members. There are also Special Logo Bricks which are shown underneath the Standard bricks section on the form. The cost is \$150 for NCM Members and \$175 for non NCM Members. There are a few more Special logo bricks that can be found on the NCM Website. Use this link and click on the drop down box to see the options. <https://store.corvettemuseum.org/brick-small-4-x-8-bricksmall>.

Brick Logo **

-- Please Select --

*Please note that different special logo bricks have different lines and characters allowed. You can order a brick through the NCM website or through the Brick brochure. Please note by your signature on the brochure or in the special instruction section on the website that you want your brick by the Sunburst Corvette Club 40th Anniversary brick. The cost of the brick is tax deductible.

Rollin' for Chicken A Drive-out to Crandall's April 22, 2018

Sunburst Events

Wright Wride May 5 thru May 8, 2018

Our group experienced a busy 4-day (1,300+ mile) trip including stops in three states beyond Illinois, touring a car museum, a fabulous FLW home then topping the drive with candy and ice cream enjoyed right at the Dietsch Bros. factory.

But, have you ever seen car parts, tire remnants and trash on the highway and wondered about the danger? Well, six Sunburst cars now have first-hand experience and avoided a potential tragedy while driving the Ohio Turnpike only a few hours after touring Fallingwater. Unseen, but ahead of us, a camper or boat trailer lost an entire wheel assembly. A semi was struck, tearing off a step, damaging a fuel tank, fender and other areas. Rubble on the highway could not be entirely avoided. Jeanie Wiemelt's convertible was hit by debris, suffering a cracked windshield and body damage but her instinctive reaction prevented a disaster. The highway commission recovered the wheel assembly and mutilated step, State Police took a report. All cars were drive-able but we separated into two groups with 3 cars keeping close with Jeanie while the other two found a comfortable speed to smooth a shimmy one was experiencing. Alertness on the highway and divine intervention saved us.

Our drive to Fallingwater began with, what else, breakfast. This time at a Cracker Barrel in Tinley Park because the location was along our route where back-tracking to a gathering point by anyone was unnecessary.

By just being a Sunburst member one expects a commonality of interest in Corvettes. But the depth of experience and knowledge we each have opens worlds. As Wright Wride was in the planning phase, Ken Monroe reached to me with an offer – he was once an interpreter and guide of Wright homes in Oak Park. Who knew? His proposal was to personally lead us on a local tour before our trip. So this is when Wright Wride actually began, two weeks in advance, with a private tour of the Wright Home and Studio, then; Ken's interpretive walk along nearby streets where many of FLW's first commissions were constructed to experience the evolution of his style. Oak Park is a stunning community with not only Wright homes but many fine Victorian mansions. One point Ken made was that the Victorian style was then contemporary and those owners did not like what Wright was interjecting into their neighborhood. Think about that – today's walls of glass and open floor plans were a vision by Wright more than 100 years ago.

Sunburst Events

Then we were off to South Bend IN to tour the Studebaker Museum. This now defunct automobile manufacturer once employed more than 20,000, developed many automobile firsts but began in the 1880's as a farm wagon builder. Studebaker was the only company to successfully make the transition from horse drawn to horseless. Following lunch in the former library of the Studebaker mansion (now Tippecanoe Place), we then moved on to Auburn IN.

Saturday was Cinco de Mayo so Mexican was the dinner theme. A crowd at Cebolla's Mexican Grill was boisterous, the music loud and the food was good. Margaritas flowed, even back to the hotel.

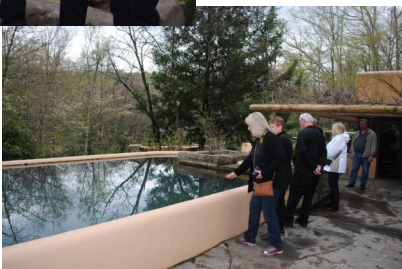

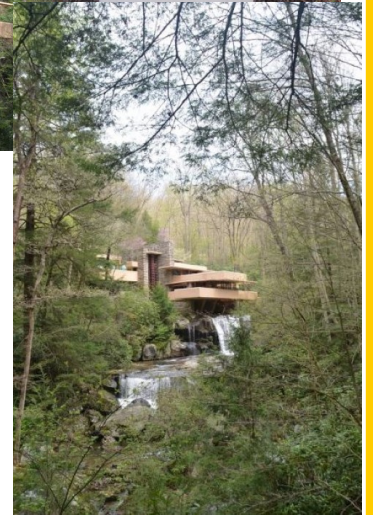

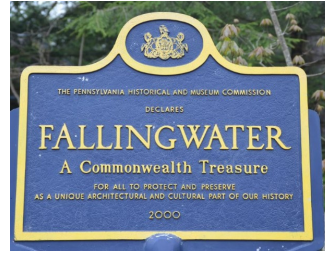

After Sunday morning breakfast at Bob Evans, a personal favorite for the tour leader, we headed to PA and lodging nearby to Fallingwater. The Summit Inn is approximately 25 miles from Fallingwater and located in the hills of western Pennsylvania. Built in 1907, this is a surviving 94-bedroom, grand porch hotel of the era. Many noted celebrities, presidents and dignitaries have stayed in the inn and we dined in the Firestone Room, named for Harvey Firestone who guested here along with his friends Thomas Edison and Henry Ford. We had the most luxurious table set for 16 people – it was truly a dining experience. Stories abound of the Inn being haunted – all we know is strange spots appear in photographs taken of the stairway and Sharon Sanders heard her camera fall off the dresser during the night!

Sunburst Events

An early breakfast on Monday, then the drive to Fallingwater via country roads seemingly created for Corvettes; following mountain streams offering frequent sharp curves and hills – what a ride. Viewing Fallingwater on tour accomplishes what mere storytelling and photographs cannot convey. The house sits astride a waterfall and positioned such that it can be seen and heard from the cantilever terraces and inside. Window size and placement makes one forget they're indoors. Boulders along the stream have been left in their original place, then incorporated within the building. A stairway descends to the family swimming spot near the waterfall directly from the great room. A flat rock upon which the family sunned themselves became the fireplace hearth. The Kaufmann family who contracted with Frank Lloyd Wright to build them a weekend home on the property, knew the architect through their son who was an apprentice under FLW. Even during the Great Depression they were a family of means, as owners of a major Pittsburgh department store. There are many stories about working with the great architect known to be headstrong. They imagined their home being sited to view the waterfall. At a time when a very nice home cost \$5,000 they commissioned, and attempted to control, Wright with a \$30,000 budget. What he delivered cost \$150,000, and they paid him! It is considered one of FLW's finest examples, built for one specific site and for the lifestyle of one specific client. Fallingwater was donated to the Western Pennsylvania Conservancy in the 1960's with the entire contents in place to be preserved. It is the most complete FLW structure anywhere.

Sunburst Events

On to our final destination, Findlay OH for Italian theme dinner at Rossilli's where we met up with Kris Jensen and her cousins who had arranged a tour for us the following morning. With the delay along the highway following the incident, several decided to stop earlier for dinner.

A Candy and Ice Cream factory tour of Dietsch Bros. began at 9 AM, Tuesday. Dietsch Bros. hand makes an incredible variety of candy, mostly chocolate. Through Kris' family connection, many at Sunburst have already enjoyed their chocolate at events during our 40th Anniversary celebration. A very interesting and informative tour and wonderful samples. We experienced hand rolled, hand dipped, individual hand marked truffles and chocolate dipped pretzels. Oh, did I mention they make ice cream too. Of course purchases from their store were safely transported home via dry ice in our coolers. What impressed me is how much hand work is involved in making fine candy and ice cream and how involved the owners are in actually working every phase. A small business of 75 employees and 80 years in the family. Kris will be moving to Findlay and joining the family business in retirement!

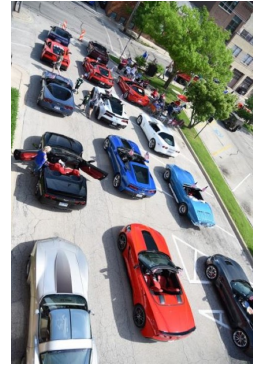

After the tour, our route was toward home. We found Jiggs Root Beer Stand in Defiance OH where they still have car hops after more than 60 years and stopped for lunch – homemade root beer and hot dogs! We begin and conclude with food.

Planning for Wright Wride began after Marilyn and I toured Taliesin West in Scottsdale AZ a year ago and decided we wanted to re-visit Fallingwater. By creating a club trip, friends were able to share our appreciation of architecture, especially that of Frank Lloyd Wright. The trip was divided with side-trips to break the drive while offering a variety. There is so much to see in the USA and for those able to join us, hopefully something from their Bucket List has been experienced.

Elkhart Lake, WI 53020-0338

<https://www.motorsportreg.com/events/laps-event-1-2-ra-saturday-sunday-road-america-incorporated-417097>

I will be participating in one of LAPS Inc Track Day Events being held at Road America May 11th and May 12th.

This is an opportunity to have an on-track experience and see what your Corvette was designed to do. Prior track experience is not required.

I have been to these track days before and I am usually the only Corvette at the event. It would be great to be driving with my fellow enthusiasts.

LAPS has many great members/drivers that are fun, talented and willing to share their experience to help others grow and develop their skills more quickly.

You can participate in one or both track day events. Instructors are required for Beginner and available for Novice and Intermediate drivers.

Helmets SA2005 or newer are required for driving the events and can be rented if you don't have one.

To register visit LAPS Inc website at: <http://lapstrackdays.com/> Select event #1 and/or #2.

One day event is \$300 and the two-day event is \$550

Insurance is available if your insurance carrier does not cover HPDE, Track day or Time Trial events.

Contact me if you are interested in participating and meeting at this event. scottrschulz@yahoo.com

Track driving enthusiasts agree. The best track days are about much more than lap times and bragging rights. They encompass education and safety; friends and camaraderie; competition and excitement.

This is a chance to bring your favorite cars, drive all day, relax and have fun. You are part of a group of like-minded enthusiasts seeking the complete experience.

No matter what you drive...

LAPS INC. was founded by a group of dedicated driving enthusiasts, all with common interests and passions in performance driving, autosports, and good times on and off the track. LAPS INC's goal is to provide you with the safest and most enjoyable on track driving experience.

Beyond Driving...

To help you get the most out of your day at the track, experienced instructors can offer advice and show you the proper and fastest way to get around the course.

HELPING PAWS ANIMAL SHELTER

Helping Paws is a no-kill animal shelter and private, non-profit 501(c)(3) organization. Our small, committed staff of 11 employees and over 300 dedicated volunteers handle and care for more than 800 animals annually and serve more than 300,000 residents in McHenry County and surrounding communities.

Each animal that comes into our shelter is treated with respect, kindness and compassion. We believe that for each of our animals..."Second Chances Start Here."

WHO WE ARE: Bernie's Book Bank sources, processes and distributes quality children's books to significantly increase book ownership among at-risk infants, toddlers and school-age children throughout Chicagoland.

WHAT WE VALUE: Moving children from poverty to gaining knowledge through reading which enables a legitimate pursuit of happiness.

WHY WE DO IT: We believe that books and reading are both the vehicle and the road to a better life.

Midwest Mozart Festival is an orchestra who performs 3 concerts every summer in McHenry County, and also provides volunteer support at local schools and summer music camps working with music students.

Home of the Sparrow opened its doors as a registered 501(c)3 non-profit homeless shelter in 1987. Today, Home of the Sparrow not only provides Transitional Shelter, but also Affordable Housing and Rapid Re-Housing combined with Supportive Services that address the core issues of homelessness. Home of the Sparrow serves single women, pregnant, women, and women with children. Approximately 73 percent of the women we serve have experienced domestic violence at some point on their journey. Other reasons for homelessness include unforeseen housing or financial crisis, a death in the family, or a medical emergency.

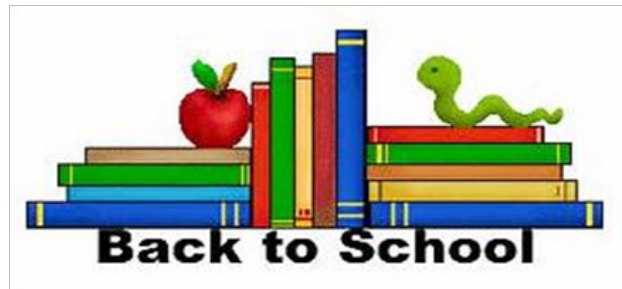

The mission of St. Jude Children's Research Hospital is to advance cures, and means of prevention, for pediatric catastrophic diseases through research and treatment. Consistent with the vision of our founder Danny Thomas, no child is denied treatment based on race, religion or a family's ability to pay.

Pioneer Center for Human Services is a 501(c)3, non-profit charitable organization that provides direct services to thousands of individuals each year. The organization also provides education and outreach to schools and community organizations reaching over 10,000 additional individuals.

Committee Chair Message Board

A Letter from the Editor:

When Rich and I announced that we would be stepping down from our positions in Sunburst Corvette Club, it seemed like that day was quite a bit in the future. As time has a way of doing, the days flew by and now we are quickly coming to the end of our time in Illinois and sadly will be leaving the many friends we have made from Sunburst.

I would like to thank all of those who have supported my efforts these past 3 years, by sending articles, pictures, and suggestions to support my efforts. Most especially I wish to thank Ron Gliot, Mike Stevens and Mike Smosna. You guys are the best and in no small way have contributed to the success we have had. Bill Mumford and Gary Gembala, you along with Mike Stevens take the best photos and they are the heart and soul of this publication.

Another note of thanks goes out to Randy Whitaker who has stepped up to take over the position as Newsletter Chair/Editor. Please support him, as you have me, and you will continue to have a newsletter to enjoy and be proud of.

If you ever make it to Findlay, OH please make sure you look us up. We would love to show you the town.

Kris Jensen
Past Newsletter Editor

This contemporary breakfast and lunch café opened its doors in February of 2008. You'll find plenty of breakfast basics here, but we're also well-known for our decadent twists on the regulars... like stuffed French toast, blueberry bliss cakes and berry explosion waffles. Savory options include and avocado-topped breakfast quesadilla and potato skins filled with scramble eggs, ham, peppers and cheddar cheese.

Brunch Café is perfect place to start your Corvette day. There's plenty of parking and the service and food are both exceptional!
